

Roanoke County Rule of Law 2022-23

I have **bolded and red** the blocks that each teacher has a Civics class. Teachers at the school can work with the presenter to decide if they want to split the block or combine as one large group, but presenters should plan to be at the school for the entirety of the day.

We are now on an A/B schedule. We understand that means that we might have different presenters on A and B days.
